Poor performance
By babak
Already disappointed with the first time usage of this shaver. It took the whole 24 hours to charge & such a poor shaving quality that I immediately put it back in the original package & returned it.

very disappointed

By Joy W
Foil gave a smooth shave if you could stand the noise. The trimmer was difficult to operated.Very disappointed with this product.

Remington F7790XACDN Electric Shaver
By Froggy
This shaver gives a decent shave but it's the loudest electric razor I've used. It really makes enjoying a nice shave in the morning difficult. The sound is comparable to hair cutting shears at an old barber shop. The quality of the housing and overall look and feel are lacking with this shaver. I would recommend a Panasonic or Braun to anyone looking for a well built and quieter electric razor. See all 22 customer reviews...

Your face contains a unique combination of angles, curves, and contours. With three independent flexing foils, the Remington F7790 Men's Pivot and Flex Foil Electric Shaver gives your one-of-a-kind face a close, comfortable shave. This ergonomic, corded/cordless razor features durable titanium-coated blades that stay sharp for a great shave time after time. It also offers a pop-up side trimmer that is ideal for detailed grooming of sideburns and facial hair, and comes with a charging stand. The razor's head comes off for quick and easy cleaning. Remington F7790 Pivot and Flex Men's Rechargeable Electric Triple Foil Shaver At a Glance: Pivot and Flex Technology for a close shave even in difficult areas
Titanium-coated blades stay sharp shave after shave
Cord/Cordless; 60-minute cordless runtime
Washable; head flips open for quick and easy cleaning
Pop-up side trimmer for sideburns and facial hair
Two-year warranty
Three independently flexing foils adjust smoothly to curved surfaces such as the chin, neck, and jawline. View larger. Pop-up side trimmer allows you to groom sideburns and facial hair with fine detail. View larger. Pivot and Flex Cutting System

This electric shaver boasts Pivot and Flex technology to give you a close, complete shave. Three foils flex independently, adjusting smoothly to curved surfaces such as the chin, neck, and jawline. Titanium-coated blades have exceptional longevity for a close shave even after longtime use. With Remington's F7790, only the screens touch your face, reducing friction and irritation. Sleek, Multifunction Design

The Remington F7790 shaver is designed to be quick, easy, and comfortable to use. Its body features a curved ergonomic shape so it sits comfortably and securely in your hand. The razor's head flips open effortlessly so you can easily remove dust and loose hair. The shaver includes a pop-up side trimmer, allowing you to groom sideburns and facial hair with fine detail.

This shaver comes with a convenient charging stand that holds it upright while not in use. Dual Power System with Digital LCD Screen

The F7790 is a cord/cordless razor offering 60 minutes of cordless operation, enough for 20 days of shaving. The battery fully charges in 2 hours. The digital LCD screen displays charge time, a charging indicator, and a low-battery indicator. A convenient 5-minute quick-charge provides enough power for a complete shave. The F7790 also comes equipped with worldwide voltage so there's no

need to skimp on your routine, whether you're home or abroad.

The shaver is backed by a two-year limited warranty.

Remington has been helping the world get ready for over 70 years. Experts in innovation, Remington offers cutting-edge technology. They work with salon professionals from all over the world to produce hair styling products that really work. Remington's mission is to help you look good and feel like you're ready for anything, so you can look in the mirror and say, "Okay, world, here I come." What's in the Box
